

NCP-Academy
“Are you puzzled with ERA?”
29th - 30th June 2016, Vienna

Background Information:

FFG is organising a training seminar on the European Research Area as part of the NCP Academy project.

Aim of the training:

The background and content of the current EC policy in research is familiar to the participants and practical implementation and support structures are known. The participant's ability to work together across borders is raised, enhancing their overall qualification.

Content of the training:

The basic course will provide the participants with a broad overview of the different aspects of the European Research Policies. The participants will work interactively and exchange experience with the trainers and other participants, as well as discuss relevant issues. The course will not go in depth into specific practical issues concerning - for instance - evaluation methods or the management of EU-projects.

Trainers/facilitators:

Michalis Tzatzanis, Stefan Lasser (FFG)

The NCP Academy - training facility for Europe's NCPs

The NCP-Academy is a project funded by the European Commission (2015-2017). It aims to enhance the performance of NCPs by providing training and workshops targeting the specific needs of NCPs, independent of specific Horizon 2020 programme orientation. The NCP Academy works for the benefit of the entire NCP-community in Europe. A website will be available soon.
